## Circumpolar Studies

## Winter 2016 Semester

Online Course Offerings  
February 1<sup>st</sup> – April 22<sup>nd</sup>, 2016

CS 100: Introduction to the Circumpolar World

CS 312: Land and Environment II

CS 322: Peoples and Cultures II

CS 332: Contemporary Issues II

Special Topic: GEOG 3390: Climate Change

Courses are delivered online and are worth 6 ECTS, or 3 credit units at most North American institutions. The language of instruction is English. Tuition and other fees are charged only by a student's home institution, where applicable. Credit will be recorded at the offering institution and may be transferred to a student's home institution after successful completion of the course. Students must contact their Circumpolar Studies Site Coordinator for official approval and for information on credit transfer before registering.

Registration forms are available at  
[http://education.uarctic.org/studies/  
circumpolar-studies/online-offerings/](http://education.uarctic.org/studies/circumpolar-studies/online-offerings/)

Return **signed** forms to your  
Circumpolar Studies Site Coordinator  
for approval and submission.

More information about the Circumpolar Studies  
program is available by emailing [iao@uarctic.org](mailto:iao@uarctic.org)
